FOUNDER'S JOURNEY & VISION

SHRI GOGANBHAI SAGAR
Chairman (Founder)

Mr. Gogambhai Sagar is the visionary founder of Shreemad School of Education. With over twenty years of experience in the field of education, his journey began as a chemistry educator, where he provided coaching and moral support to hundreds of students, helping them achieve their goals of becoming successful doctors and engineers. In 2008, he established the first daycare school in East Ahmedabad, making a significant contribution to shaping the future careers of many students.

In 2012, he played a key role in founding the first Smart School, Devasya International Public School (Nursery to Grade 12) in Nikol. His commitment to education continued in 2017 when he opened another school in Vastral, further benefiting the local community. Mr. Sagar has always emphasized the importance of core values in education. A man deeply attuned to the digital age, he integrates extracurricular activities and the latest technology into the learning process, seeing them as vital to a holistic educational experience.

His vision now focuses on establishing a 21st-century school that balances innovation with tradition, offering an education that prepares students to meet the challenges of the future while staying grounded in the values of nationalism and service to society.

OUR BELIEF

Simple ways to help our Child to Release Happy Hormones.

Each Child is blessed with Special god gifted ability, It's a duty of Parents and Teacher to further develop it.

Joint Effort by Student, Parents and School is required to Shape the Great Character Building.

MESSAGE FROM DIRECTOR

Welcome to our school community, guided by Indian values, where we nurture students to be future-ready. Our holistic education aims to develop critical thinkers, responsible citizens, and strong moral foundations. Our passionate educators and staff inspire a lifelong love for learning, focusing on creative thinking and innovative solutions for a complex world.

We prioritize positive emotional and mental health from early childhood, enabling children to achieve developmental milestones and behavioral goals. We believe education should be a combination of well-being, joy, meaning, and engagement.

SHRI NAINESHBHAI PATEL
Director

ACHIEVING EXCELLENCE TOGETHER

OUR VISION

"Empowering Future Leaders through Innovation, Excellence, and Compassion."

Our vision is to create a dynamic learning environment where students are inspired to reach their fullest potential, develop a lifelong passion for learning, and become leaders who make a positive impact on the world.

OUR MISSION

Our mission is to provide a holistic, student-centered education that fosters academic excellence, personal growth, and social responsibility in a supportive, inclusive, and innovative environment. We are committed to empowering students with the skills, knowledge, and values they need to succeed in an interconnected and rapidly changing world.

“Education is the foundation of all success. It is through education that one learns how to rise above problems and challenges.”

About School

"Education is the basic tool for the development of human personality."

- Mahatma Gandhi

Shreemad School of Excellence is Located in World Heritage City-AHMEDABAD in a lush green environment, away from the hustle and bustle as well as pollution. Aiming tomorrow's need, we're coming up with 21st century Ultra Modern School with top tier sports facilities and equipped with latest technology. The school is fully committed to the development of each student's moral, emotional, physical and spiritual wellbeing and to equip them for admission to the top Universities Worldwide. We're all set to follow the guidelines set by the NEP 2020 and NCF 2024. Our school will have upto Grade 12 after two years. We love to promote the interest of our kids in music, dance and arts. The personal happiness and wellbeing of our Students are key to everything we do.

The concept of our state-of-the-art school is designed to reflect the latest advancements in education, technology, and student-centered learning. SSE is built with the future in mind-integrating innovative teaching methods, cutting-edge technology, and flexible learning spaces that foster creativity, collaboration, and holistic development. The goal is not just to impart knowledge, but to prepare students for the challenges and opportunities of the rapidly evolving world around them.

It embraces the principles of inclusivity, sustainability, and adaptability, ensuring that every student has the tools and opportunities to excel academically, socially, and personally.

CURRICULUM

We emphasize that knowledge is the greatest asset a person can possess. Unlike wealth or physical beauty, knowledge does not fade or perish over time. It is permanent, and it earns respect and recognition wherever one goes.

OUR ACADEMIC CURRICULUM

Our Curriculum is based on National Curriculum Framework (NCF) 2024.

PRE-PRIMARY

Our Pre-Primary Curriculum designed to support the developmental needs of young children, typically ages 3 to 6. This age group is in the early stages of their cognitive, emotional, social and physical development, so the curriculum should be holistic, integrating learning through play, exploration, and hands-on activities.

We intended to provide mother like care and emotional touch to each and every child. Our Teaching Strategy is "Learn with Fun" and "Learn with Play".

PRIMARY

Our comprehensive Primary School Curriculum designed to support student's over all development, building deeper subject knowledge while fostering critical thinking, problem-solving, and independent learning from ages 6 to 14 (Grades 1 to 8).

The curriculum should foster foundational skills in core subjects like literacy, numeracy, and science, while also promoting creativity, critical thinking, and personal growth. It also support emotional and social development, along with personal responsibility and self-regulation.

EXAMINATION AND ASSESSMENT

Examinations and assessments in primary school play a crucial role in measuring a student's academic progress, understanding of subjects, and overall development. However, at this early stage of education, Our approach to assessment focused more on learning as a process rather than just evaluating knowledge through traditional exams. The goal is to support young learners in their growth, identify areas for improvement, and encourage a love for learning.

SHREEMAD
 SCHOOL OF EDUCATION

“ TRANSFORMATIVE
 EDUCATION
 FOR
 BRIGHT FUTURE. ”

INFRASTRUCTURE

- **State-of-the-art School Building** : An ultra-modern and pleasant school building with beautiful landscaping and sports grounds for various activities.
- **Interactive AC Classrooms** : Equipped with interactive whiteboards and air conditioning for a comfortable learning environment.
- **CCTV Surveillance** : Comprehensive security with CCTV cameras installed throughout the campus for student safety.
- **Specialized Labs** : Fully equipped labs for Physics, Chemistry, Biology, Mathematics, Languages, Computer Science, Robotics, and Artificial Intelligence.
- **Library** : A well-stocked library with a wide range of books and resources for student research and reading.
- **Children's Play Area** : A dedicated space for younger children to play and explore in a safe, supervised environment.
- **Indoor Games Facilities** : Spaces designed for indoor sports and games, encouraging physical activity and teamwork.
- **Dance Studio** : A dance studio with sprung floor and wall to wall mirror for students to develop their artistic skills.
- **Music Studio** : A soundproof music studio where students can learn and practice various musical instruments.
- **Swimming Pool** : A modern swimming pool for physical fitness and recreational activities.
- **Hygienic Canteen** : A clean and well-maintained canteen serving nutritious meals and snacks to students.
- **Concert Hall** : A spacious concert hall designed for performances, events, and school gatherings.

LABORATORIES

Laboratories play a crucial role in the educational experience of students, offering them an opportunity to move beyond theoretical learning and engage directly with practical applications of knowledge. They are not just rooms filled with equipment and experiments; they are vibrant spaces for discovery, creativity, and hands-on learning.

STUDENT IMPROVEMENT PROGRAM

After assessments, it's crucial that schools have a Student Improvement Program (SIP) in place to help students understand their strengths and address their areas of weakness. This program is designed to provide targeted support, guide students toward better performance, and ensure continuous growth and development. The goal is to turn assessment results into actionable strategies that help every student reach their full potential.

PROFILE MAKING

We have integrated profile making into our curriculum to help students develop essential life skills. This process encourages reflection, self-evaluation, and goal setting, fostering self-awareness and personal growth. A well-crafted profile highlights academic achievements, skills, and character, enhancing employability and readiness for future opportunities. It also promotes positivity and self-worth by helping students recognize their accomplishments and set meaningful goals.

TEACHER EMPOWERMENT

"Just as a gardener carefully nurtures the plants with water, sunlight, and care, a teacher cultivates the minds of students, guiding them towards knowledge and wisdom."

We have Professional team of Teachers equipped with the latest pedagogical practices and knowledge.

We encourage and ensure that our teachers engage in continuous self-improvement and adapt to evolving educational needs.

Our Outstanding Curriculum for Co-Scholastic Activities

SPORTS

Sports significantly contribute to students physical, mental and social well-being, enhancing their overall learning experience and shaping well-rounded individuals. Integrating sports into the school curriculum enhances the overall learning experience and fosters life skills. The campus offers state-of-the-art indoor and outdoor sport facilities, including cricket, football, tennis, basketball, and volleyball. The school offers high-quality, tailored support from outstanding coaches, catering to elite sports individuals seeking to become elite athletes.

MUSIC AND DANCE

Incorporating music and dance into the school curriculum is essential for fostering creativity, building confidence, enhancing academic skills, and promoting mental well-being.

HOBBY CLUB

School activities contribute to holistic development, covering cognitive and social aspects. They help build life skills like time management, teamwork, leadership, problem-solving, and critical thinking, and enhance academic performance.

The Hobby Club organizes various competitions and celebrations, including quiz and debate competitions, Rangoli and Rakhi making competitions, and celebrations like Rain day, Gurupurnima, Independence day, Navratri and Janmastami.

Activities are planned according to different house systems.

SKILL DEVELOPMENT PROGRAM

A Skill Development Program for primary school students is designed to help them cultivate not just academic abilities, but also the soft skills and life skills that are crucial for their overall development.

Life skills are practical abilities that enable children to manage everyday challenges and interact with others effectively. These include Communication Skills, Teamwork and Collaboration, Emotional Quotient (EQ), Decision-Making, Digital Literacy and Technological Skills.

CREATIVE SPACE

To develop the creativity among students, The school provides the Space, Guidance, Encouragement and atmosphere.

“KNOWLEDGE IS THE ANTIDOTE TO FEAR”

- **Cricket** : We are proud to have the Mahendra Singh Dhoni Cricket Academy as our associate partner for cricket training and development.

- **Music and Dance** : Our associate partner for music and dance is DraamJaam, led by the renowned film producer, director and writer Mr. N Chandra, offering a platform for students to explore their artistic talents.

- **Maths Lab** : Our Maths Lab is in association with Mr. Calculator Akshay Khatri, designed to provide students with hands-on experiences that enhance their understanding of mathematical concepts.

ASSOCIATE PARTNERS

TRANSPORTATION

Our school provides a secure transportation system for students, featuring modern buses with GPS tracking, first-aid kits, and well-trained drivers. Each route is carefully planned to minimize travel time and cover key city locations. Regular maintenance ensures safety protocols and a comfortable journey for students.

“A SANCTUARY OF LOVE, CARE AND GUIDANCE”

HOSTEL FACILITIES AT A GLANCE

Our boarding facility is a wonderful place where students can live, learn, enjoy and thrive. Student's well-being is our top priority, and we aim to provide a nurturing environment that fosters both academic and personal growth.

The boarding experience offers opportunities for students to explore and reach their full potential in sports, creativity, and personal development.

Hostel Rooms: Our hostel rooms are designed to provide a warm and welcoming environment, offering a comfortable and homely atmosphere. Each room is equipped with all the necessary amenities,

- Air Conditioned Rooms & Comfortable beds
- Spacious wardrobes and drawers for personal storage
- Reading spaces with adjustable lighting for optimal comfort
- Private en-suite bathrooms in every room

WELL-BEING SUPPORT

The Head of Boarding and staff provide continuous care and guidance to students in a supportive environment, fostering self-confidence, respect, and emotional well-being. Core values include respect, courtesy, and punctuality for a positive boarding experience.

HEALTHY DIET

We believe in the importance of a healthy diet to support student's academic and physical well-being. Our carefully crafted meal plan includes five nutritious meals a day, providing a balanced mix of proteins, vitamins, and seasonal vegetables.
